

Committee Meeting Minutes 10/20/2022

Meeting Started at 6:30pm – Jackson Hall

Attendees: See attached list.

Upcoming Events:

Discussion: CPR class – December 12/10/2022 Time TB

Review of notebooks – FEMA forms, Denton County Cert forms

National night out was a success, got more forms completed, still need to get more involvement of forms, were able to get all area captains.

Planning Committee will have larger notebook with everything in it, all forms to support other committees.

“Telegram App” - Will be used for notifying team members of important information (communication Source).

Friendsgiving November 12th: Pat & Dan Mason will do event – will need help

Bags & clipboard will be handout to get neighbors to start filling out form.

Turkey Fryer and Fire Safety handout will be provided.

No forms have been returned to the greeting house as of yet.

Market Day December 3rd:

Bags & clipboards will be handout to get neighbors to start filling out forms.

Fire Safety – regarding live trees in homes and a handout will be provided.

January – Discussion about Community meeting with Mark Pacheco - **Winter Preparedness**

Possibly a zoom meeting for discussion might get more involvement from community.

Building – may need help should power is lost. Generator will be located at the Greeting House it will need power.

The generator will be moved closer to the Gathering House. Price point of Generator is approximately \$75,000

Greeting House is approximately 4000 square feet.

HOA doesn't use Hillwood Procurement; Residential Services must do on it own.

There will be an additional center up on the hill in the future and they are hoping to have a garage up there to store the Pecan Square truck.

Jackson Hall and The Greeting House will not be used as Shelters. People will need to shelter in their homes or transfer to County Shelter

Map my neighborhood – to organize, provide help or get help in case of emergency.

Mark Pacheco – discussion of supply needs:

He is looking to purchase Pelican Cases (large) for equipment to be used for emergency situations.

Water Treatment kit (solar Panels) so that the 2 current pools water can become other source of water as well as pond in a catastrophic event.

MCI Tags for inside Pelican Boxes.

15 vest – high Visibily were donated by Dwayne. When we get budget monies will purchase more.

Didn't go with T-shirts being high Visibility because they would be cover up in cold weather situations.

Future Meetings and Events

- January Community Meeting TBD will focus on Winter Preparedness
- January 3 separate 30-minute meetings for street captains and Block Captains will hand out street and block captain items
- Committee Meeting for Pre-Freeze action plan

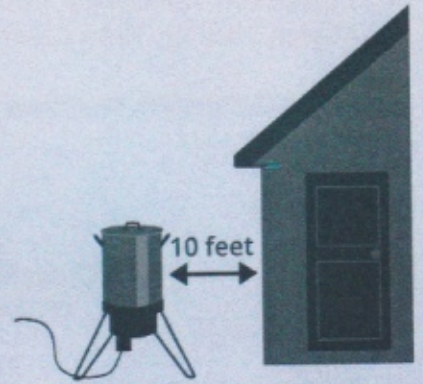

Turkey Fryer *Fire Safety*

Frying food puts you at the greatest risk of cooking fires. Before you fry a turkey, review these tips to keep you and your loved ones safe.

Turkey fryers can tip over easily, spilling hot cooking oil over a large area. Make sure your turkey fryer is on a sturdy, level surface and do not move it once it is in use.

Make sure it is at least 10 feet from your home and not under roof eaves.

An overfilled cooking pot will cause cooking oil to spill when the turkey is put in.

Test the amount of oil you need by filling your fryer with water. Place the turkey in the pot making sure the water doesn't get too close to the top. Measure the water and use that as a guide for filling the pot with oil.

A partially frozen turkey will cause cooking oil to splatter when you put it in the cooking pot.

Make sure your turkey is fully thawed without frost on it before you fry it.

Without thermostat controls, deep fryers can overheat oil to the point of starting a fire.

If your turkey fryer does not have a thermostat, use a kitchen thermometer that attaches to the side of the pot. This will help you monitor the temperature of the oil.

The sides of the cooking pot, lid and pot handles can get dangerously hot.

Always use protective oven mitts. Keep children and pets at least 3 feet from the turkey fryer.

Consider using an electric or air fryer.
